News from CDO

The Career Development Office is renovating!

The current CDO Reference Center in 1332/1334 Biolchini was originally designed as a resource center for students to browse printed job search materials. Students have rarely used the space for that purpose, however, and with the vast majority of job search resources now appearing online, the resource center will be put to more effective use. The reconfigured space will include a dedicated student video interview room, a private conference room, an office for the Recruiting Program Manager (Ali Wruble), a work station for a limited-term special administrative assistant and a small reception area for visiting employers. Construction is scheduled to begin March 18, and the space should be ready to use by mid-April.
