Virtues and Vocations Initiative

The Center for Social Concerns has introduced a new [Virtues & Vocations](#) initiative. Integrating Virtue Together" is an opportunity for faculty from across institutions and disciplines to integrate moral virtues into a course they will teach in the academic year 2023-2024. Through this initiative, they will work with faculty to build 2-3 virtues into a course syllabus, integrating experiences, reflections and frameworks that use the material of the particular discipline as a way to build and practice character. They are looking for faculty who share a vision for investing in students as full people, and who would like to develop the tools to be more intentional about the ways their courses shape students.

Chosen faculty will receive a \$2000 stipend and have travel and conference expenses covered. Faculty members in all schools and departments are welcome to apply. Applications are due December 16.
