RACHEL LISA-JO BAKER
"BEST ORALIST"
IN JESSUP REGIONALS

Earlier this month, Notre Dame's International Moot Court Team competed in the 2000 Philip C. Jessup Northwest Regional Competition in Chicago.

The Jessup, the world's largest and most prestigious international-moot-court competition, annually involves students from 300 law schools in almost 50 nations on 6 continents.

Notre Dame's five-member team competed four times at the Competition. In a rigorous competition, each NDLS oralist demonstrated excellent advocacy skills in arguing the "Case Concerning Vaccination Trials and the Countries of Kuraca and Senhava."

Rachel Lisa-Jo Baker carried back to Notre Dame the "Best Oralist" Award, given for the best international-advocacy skills among the more than forty oralists participating in the Regional. The 2000 Jessup team also includes oralists Marc DeSantis, Aaron Markowitz and Beth Steffes, as well as Bridget Hubing on brief. Congratulations to the team on an excellent job of representing Notre Dame!

MOOT COURT SHOWCASE HELD FEBRUARY 17

Presiding as "The United States Supreme Court" were the Honorable Carlos F. Lucero, of the Court of Appeals for the Tenth Circuit; The Honorable Charles R. Wilson, NDLS '79 and a member of the Court of Appeals for the Eleventh Circuit; and the Honorable Theresa L. Springmann, a United States Magistrate Judge for the Northern District of Indiana.

The hypothetical case concerned one Chilli Conrad, whose trial-court conviction for armed robbery had been reversed in the Court of Appeals. The Supreme Court granted certiorari to examine issues related to the admissibility of confessions obtained without Miranda warnings, and the admissibility of a hearsay statement.

Law students Christopher Regan and Valerie Anne Steer represented the government; students John Laxague and Wilda Wahpepah represented Mr. Conrad. These students comprise Notre Dame's National Moot Court team; as such, they competed this past November in the regional National Moot Court Competition, sponsored by the Bar Association of the City of New York.

FELLOWSHIP NAMED FOR

CHARLIE RICE

With an anonymous gift from a 1972 graduate, the Notre Dame Law School has established a fellowship in honor of law professor Charles Rice. The benefactor hopes the fund will attract additional contributions from classmates and other Notre Dame law graduates.

A member of the Notre Dame faculty since 1969, Rice specializes in constitutional law, jurisprudence and torts. He is the author of eight books, including 50 Questions on the Natural Law and The Winning Side: Questions on Living the Culture of Life.

Rice was coeditor of the American Journal of Jurisprudence from 1970-97, served as a member of the Educational Appeal Board in the U.S. Department of Education from 1981-93, and has been a consultant to the U.S. Commission on Civil Rights. A 1953 graduate of the College of the Holy Cross, Rice earned his juris doctor degree from Boston College in 1956 and his master of laws and doctor of juridical science degrees from New York University in 1959 and 1962, respectively. After working as a private practitioner in New York City, he taught at C.W. Post College, New York University and Fordham University before joining the Notre Dame law faculty.

Rice is a retired lieutenant colonel in the U.S. Marine Corps Reserve, and he serves on the board of trustees of Franciscan University in Steubenville, Ohio, and the board of governors of Ave Maria School of Law. A staunch pro-life advocate, Rice has co-authored numerous briefs involving right-to-life and right-to-die issues and has served as co-chair of Free Speech Advocates of Catholics United for Life.

BISHOP RAY, NDLS ALUM,

OUTLINES PLANS

TO EMPOWER BLACKS

Vol. IX, No. 6, February, 2000
The Dallas Morning News, in its January 22 edition, featured a story on Harold Calvin Ray, NDLS ‘81. In the late eighties, Mr. Ray left his six-figure salary to enter the ministry. Now, as Bishop Ray, he leads the church he founded, the Kingdom Dominion Church Fellowship, a network of about 300 independent Pentecostal churches in the United States.

Currently, he works on plans for the National Center for Faith Based Initiatives, "an information clearing house and economic network that he says will transform black America." His plan calls for a "one-stop center" for more than 50,000 non-denominational black churches. The center would allow the consolidation of resources and financial know-how into an "economic force to be reckoned with." These centers will provide everything from life insurance to accounting services to on-line investments, with a view to creating, accumulating, allocating and preserving wealth among blacks. Bishop Ray plans to do this not through government money, but through corporate financing. The newspaper stated that Bishop Ray "typifies a new breed of black minister--savvy businesswise and politically flexible, with an eye on results and the bottom line."

CARNEGIE FOUNDATION
TO STUDY NDLS

The Carnegie Foundation for the Advancement of Teaching is currently engaged in a major study of legal education as part of its "Program on Preparation for the Professions." NDLS is one of fifteen schools selected for the study. The Professions Program also encompasses studies of engineering, ministry, social work, medicine, and teaching, as part of an integrated initiative that seeks to understand professional education as a whole. The Program's comparative approach will foster deeper understanding of fundamental aspects of teaching and learning in the individual fields, while improving higher education more generally through dissemination of the best practices across fields and between graduate and undergraduate education. Through the Professions Program, the Carnegie Foundation aims to improve the education provided professionals and thus the quality of their future practice and impact on society.

Judith Wegner, formerly dean of the University of North Carolina Law School, together with William Sullivan, a philosophy professor at LaSalle University, visited Notre Dame in connection with this study on February 28 and 29. Betsy Woody, another member of the Carnegie staff, accompanied them.
